Molli's Memo

I had a wonderful time when Nana and Papa were here for my first birthday celebration.

I'm not sure what all the commotion was about. Having all those relatives around sure wore me out.

Festival of Trees

Bry & Betty

Janice & Becky

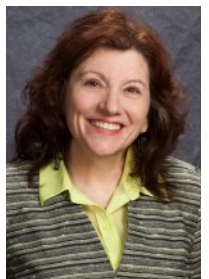

We all had a great time creating and decorating our *Christmas in the Desert* Saguaro for The Festival of Trees fundraising event for Ronald McDonald House and Make-A-Wish Foundation.

The idea for this unique tree came from Becky. It is made from 3/4" MDF sheets, and can be disassembled for storage. We burned up a couple drills trying to cut the holes, but all turned out great. We couldn't have done it without help from one of our contractors, Chuck (Thank You Chuck).

Our tree definitely drew the most attention at the two-night event, and raised \$1,600 for these deserving charities.

THANK YOU to ALL our clients, and my you have a Joyous Holiday Season and a Happy New Year.

Until Next Year,

Betty Jones

What Our Clients Are Saying

I hired Interior Expressions to manage a complete bathroom remodel which was recently completed. It has all come together and looks great. What was important to me: Betty and Janice stayed involved and made sure the work was done to my satisfaction.

Territorial Transformation

Redo My House!

Kate and David Whitaker came to us wanting to “gut” their mid-1970’s Territorial style home and update it with a more modern transitional look and feel.

Scope of Work

Their “wish list” was extensive. Janice Williams, Senior Interior Designer, worked with them and our recommended contractor, and the Whitakers decided on the following “changes”:

- New hardwood flooring & baseboards throughout
- Move laundry from beside the kitchen to the carport area (new room created)
- All new kitchen
- Eliminate window to accommodate kitchen design
- Reface both sides of dual fireplace
- All new interior Knotty Alder doors & casing
- Gut and replace Guest Bath, with heated floor
- New Window Treatments, including skylights
- Add ceiling lights in all rooms
- Replace drywall texture on all walls & ceilings
- New Bar Stools

clothes, scrubbers, etc.**

We are so pleased with how our home renovation turned out. Interior Expressions made the process so easy with their one-stop shop. Plus they helped us pick out the appliances, plumbing and light fixtures.

The contractor/subs IE recommended were also great to work with and all did a really good job. We were surprised how quickly everything came together at the end. We were back in our "new" home right on schedule.

On a scale of 1-10, we rate our renovation experience a 10, and we feel we got good value for our money.

Ron Short Welcoming Betty Jones

One of the highlights of our trip to Iowa in November was exploring the reclaimed treasures at WEST END SALVAGE in Des Moines, which is the subject of a popular HGTV television show.

WEST END SALVAGE had many things that might work for our clients.

I enjoyed meeting and chatting with Ron Short, the owner of WEST END SALVAGE.
