## Your ONE-STOP Solution for Distinctive Home Interiors

### **Molli's Memo**

I'm so happy with our new home!  
There is more room for me and our dog  
Cash to run around and make havoc,  
much to Mommy & Daddy's dismay.

I really like sliding down and crawling  
back up our carpeted steps.

### **What Does the 4th of July Mean to You?**

To many, Independence Day means fireworks, barbeque, baseball at the ballpark or even those gross hot-dog eating competitions. What's the point of those eating competitions anyway?

To me, the 4th of July is a great way to remember the courage and vision our founding fathers had.

Would I, or my family, have risked what they did to secure their liberty?

Would you or your family? Interesting to ponder!

The United States of America is the first and greatest "country" in the history of the world to recognize the individual is more important than the "government".

How lucky I was to be born in this great country.

I often wonder what our founding fathers would think of the political scene today in the U.S.A.

Could the U.S.A. ever have been created in today's polarized political climate?

### **Have You Read the Constitution or Declaration of Independence Lately?**

# A Simple Bathroom Makeover

This client wanted to give their master bathroom an updated look while keeping the existing cabinets and countertops.

They also wanted it to look and feel like it was all designed all at one time.

To tone down the busy-ness of the red marble countertops, their designer Bryana, focused on the gray colors in the marble instead of the red.

Using the grays as the new foundation for the design, Bryana replaced the floor tile with a large scale gray tile, set on a diagonal.

The new paint colors also pull out all the different grays found in the countertops, and help accent the architectural detail around the shower.

# Can Make a HUGE Difference

## Fresh New Look to Shower Makes the World of Difference

Replacing the dark 12x12 shower tile with a more modern vertical look accomplished what the homeowners wanted.

Bryana designed a new shower tile scheme which leveraged off the red marble counters, yet injected a more modern vertical concept. By taking the tile from floor to ceiling, it makes the shower look and feel larger.

Bryana also replaced their dated framed shower enclosure with a frameless enclosure for a clean sleek look.

*We just finished a bathroom remodel that was made much easier with the design expertise of Bryana at Interior Expressions. From the tile to the paint colors and the function of the shower, Bryana was able to create a great bathroom that fit our taste.*
