## Your ONE-STOP Solution for Distinctive Home Interiors

### **Molli's Memo**

Daddy just told me that Nana and Papa are coming to help me celebrate my first birthday on November 3rd.

I remember visiting Nana and Papa in Arizona in April.

I sure hope Nana is fully recovered from the hernia she got from lifting me so much that week.

I'll be sure to give Nana extra hugs and kisses to make up for that.

Nana's first granddaughter**

## Thank You to All Veterans

Growing up as the oldest daughter of an Air Force career enlisted father has given me a special appreciation for the sacrifices made by our military men and women AND their families.

We don't pay them enough, and we don't take care of them adequately after they leave their service, especially those with physical or mental trauma.

Why would there be a need for all the veteran's support organizations you see ads for on TV if we forced our government to properly care for our wounded veterans?

We are supporting Fisher House Tucson, which will be building a Fisher House near the VA Hospital. This is the "Ronald McDonald House" for veterans being treated at the VA. I encourage you to support Fisher House Tucson too.

**THANK YOU to ALL our Veteran clients  
for your service.**

# Southwest to Contemporary

## Love the View...Hate the Look

That's the reaction they had when Doris and Will Medlicott first viewed their new home in the High Mesa sub-division of Oro Valley.

The home sits on one of the highest spots in the sub-division, with unobstructed views to the south and east toward Pusch Ridge, as you can see from this picture from the kitchen area.

## Southwest Look Had to Go

The Medlicotts liked the layout of the house, but hated the Southwest look and feel. The arched windows and doorways, kiva fireplace and other Southwest elements just didn't suite their taste.

## More Contemporary Look & Feel Desired

We introduced the Medlicotts to our *Desert Zen* style. *Desert Zen* leans toward contemporary, with straight lines and clean look, but with softer desert inspired colors. More subdued than what most people think of when they think of contemporary.

### Entirely New Kitchen

We replaced literally everything in the kitchen.

We also added another sink to the pony wall separating the kitchen from the family room.

A raised glass counter, which you can see in the upper right photo, adds a unique look and feel.

Darker cabinets for the island help provide contrast, and tie in the bar area across the room from the kitchen.

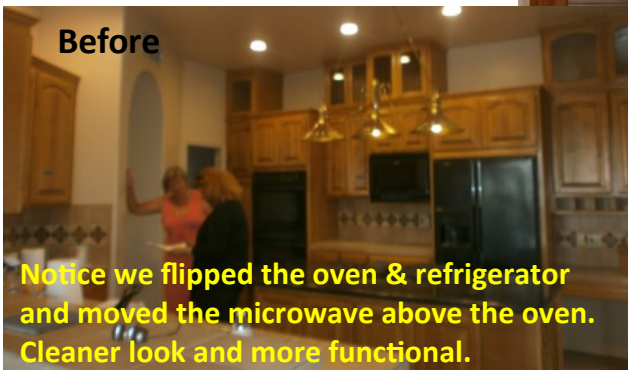

What A VIEW!

Before

No more Arches or Kiva Fireplace...  
Inside or Out

Before

Notice we flipped the oven & refrigerator  
and moved the microwave above the oven.  
Cleaner look and more functional.

Lyptus wood cabinets - Cambria Quartz Counters with Waterfall  
side on LH side of Island. Vertical stone backsplash, with glass  
accents, up to the ceiling to accentuate the nature of the Lyptus  
cabinets.

# Transformation

*We just LOVE the look and feel of our new home.*

*From the kitchen design, fireplace redesign, color and finish selections, and all the special touches Interior Expressions helped us with...we couldn't be happier.*

## Festival of Trees 2014

We are excited to announce the Interior Expressions team will be creating a *distinctive* Christmas tree for the 2014 Festival of Trees.

The Interior Expressions tree could be displayed in your home or outside. **We GUARANTEE you would be the ONLY house in your neighborhood, maybe all of Tucson, with such a unique tree. CALL US for more details.**

The 2014 Festival of Trees, benefiting [Make-A-Wish® Arizona](#), [Ronald McDonald House Charities®](#), and [GAP Ministries](#), features a full schedule of events and community involvement at the Scottish Rite Cathedral near downtown Tucson. This magical holiday setting is the perfect place to kick off the holiday season and celebrate this wonderful collaboration!

### **U of A Athletic Director will be Master of Ceremonies**

The fact that his wife, Regina, is the chairperson of the committee probably had something to do with **Greg Byrne** agreeing to MC the festivities. If you would like to rub elbows with Mr. Byrne, and maybe a few others from the U of A athletic department (**Men's Basketball Coach Miller? ...his wife IS involved...how could he NOT be there?**) (Coach Rich Rodriguez? - Football Coach Candrea? - Softball), then the Thursday night event is where you want to be.

### **Thursday November 20th, 5:30 - 9:00pm**

You won't want to miss this night. **Greg Byrne** will host the festive, holiday attire evening where guests will be able to bid at silent auction on all the **trees, wreaths and gingerbread creations**. Tickets include heavy hors d'oeuvres, drink tickets and dessert. **Get your tickets early, as attendance is limited.** We hope to see many Interior Expressions clients there, supporting us and these fine charities.

**Trees delivered to winning bidders:** The Festival committee will arrange to have the trees delivered to the home or business of the winning bidder in time for Thanksgiving.
